THE FARMERS SUPPLY CO. gives no warranty, express or implied, as to the productiveness of any seeds, plants or bulbs it sells and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price.

## A WORD TO GARDENERS AND FARMERS

Our stock is selected with the greatest possible care, both to trueness of variety and germination test, and while in common with other seedsmen, we cannot guarantee the resulting crop, our customers, may rest assured that we will exert every effort to get the most pure and best seed obtainable for our stock. Our nearness to you makes both for the personal desire to please customers whom we know and often meet, and convenience to you in ordering and quick delivery. We maintain for the entire San Juan Basin a retail store where a welcome awaits you. We invite you to our store whether you buy or not. Perhaps we can offer some profitable suggestions in going over your gardening or farming problems.

## Convert Legume Seeds Into Fertilizer Plants

by

Inoculating with

# NITRAGIN

We encourage the farmer to inoculate all legume seeds whether planted on old or new fields. It costs but a few cents per acre. It seldom pays to depend upon natural inoculation.

**NITRAGIN**—is the oldest and most widely used inoculator in America, having served the American farmers since 1898.

# Hinman LOW-VACUUM MILKERS

*Standard*

*Jiffy*

For more than 7 years, Hinman has pioneered the idea of low-vacuum milking. That principle has now been thoroughly established, but it took years of research and thousands of tests to find the exact degree at which a cow milks best. Hinman found it—at 10 inches. Vacuum at 10 inches safely empties the udder faster....Besides, it makes the cow comfortable, and enlists her cooperation....Its mild action helps keep teats and udders in good condition—that's why so many Grand Champion cows for years have been milked exclusively with Hinman Milk-ers.

New Hinman Air Flow  
Vacuum Pump with  
electric motor—a small,  
powerful, economical  
unit.
